WEDDING & KEEPSAKE ALBUMS

Albums, in leather or linen, are a great way to remember and literally embrace cherished memories. Forever by your side, albums are like treasures that will continue to shine and be there always to warm your heart and make you smile.

KISS Book (kiss.us/books) is our preferred book maker. Every wedding has its own style, every bride has her favorite color, and every **KISS Book** can be tailor-made to fit. Mix and match the cover materials, color, page thickness, and paper finish to your delight. Each book is a unique, hand-crafted labor of love that will be a cherished keepsake heirloom for generations to come.

Linda D. Stringer is our album designer. She has a fine arts degree from the University of North Texas and shares our penchant for perfection. She can meet with you in person and present you with the Tamytha Cameron Photography showcase album in blue leather with luster finished pages that you can examine, and samples of all the leather and linen options. Meeting in person, or speaking over the phone, she will be able to listen to your desires, discuss the process, and answer any questions you may have. She will provide you with a custom quote and available pricing incentives. Many designers limit the number of design revisions available to clients, but with Linda, there are no limits to getting it right.

KISS Book also makes slip covers and custom hand-crafted engraved wood boxes for storing your keepsake.

KISS Books are warrantied for life. If there's a manufacturer's defect, it will be rapidly repaired or replaced at no cost to you.

Album designs are archived for safe keeping.
